Dear Customs client

UPDATE ON REGISTRATION, LICENSING AND ACCREDITATION (RLA)

SARS recently hosted roadshows around the country to discuss the new Registration, Licensing and Accreditation (RLA) system and process. During the roadshows it was mentioned that the first release of the new system – which included introducing eFiling as a registration channel for certain client types – was expected to take place during September 2019.

However, a decision has been made by SARS to postpone the release until early in 2020. This is to enable us to fine-tune various technical issues in order to ensure a smooth implementation.

We will keep you updated with any further developments. In the meantime, those who couldn't make it to the roadshows may want to refer to the presentation and Frequently Asked Questions which came out of the roadshows. To access the dedicated RLA page, click here: [RLA](#)

Thank you for your continued support.

Sincerely

OLEBOGENG RAMATLHODI
